## *HUNGRY GAMES II*

### *Showdown at the Ham Stand*

*Contact Michael Young 265-4159 or Cathy Wilcox-Barnes 265-2155*

*It's time for second helpings. The Nevada City Rotary Club is once again presenting "The Hungry Games II" a major fundraiser dedicated to food, wine and the fine art of gourmet cooking on Sunday, March 15, from 5 to 8 pm in the Miners Foundry.*

*This year, Nevada City's hugely popular Ham Stand takes over cooking duties following last year's first place win among competing restaurants. Owner/chef Jason Jillson promises four different gourmet tastings from around the world and will compete with Rene, his own sous chef. Nevada City and Szabo wineries will offer pairing tastings to go with the food.*

*Following up on last year's huge success, the highlights will include a "winner-take-all" raffle for \$1,200 worth of \$100 meals from 12 of the top regional restaurants plus bonus drawings.*

*This year's event includes a live auction of 10 days at a beautiful casita in the Mexican fishing village of Los Barriles and a scenic flight over Nevada County. There will be a silent auction of a variety of items along with cookbooks, kitchen and other items for sale. Desserts, non-alcoholic and additional alcoholic beverages will be available for sale.*

*Chefs will be discussing their craft and the Sgt. Funky band will provide live music for listening and dancing, all in a fun and exciting setting.*

*All proceeds from the event will go to help fund the many Nevada City Rotary community service initiatives. The club sponsors local youth programs such as*

Girls Who Code, an afterschool program that encourages and trains middle school girls for careers in technology, youth leadership camps, academic scholarships, and high school music and speech competitions, along with community service forums presented by community radio station KVMR.

Rotary members also fly to Mexico's rural Southern Baja every year to perform health screening on local students and adults. The Club also participates in Rotary International clean water projects and polio eradication.
